# PRESIDENT'S MESSAGE

---

Friends!

The year 2020 was unusual. We battled an organism previously unknown to humankind. On one end, scientists were struggling to learn more about the COVID-19 causing virus, but on the other, policymakers had to devise newer ways to contain the spread of infection. India was under complete lockdown between March and May 2020. Not only did this lockdown cause our everyday lives to come to a standstill, but it also gave rise to new challenges, some of which we hadn't anticipated. Schools and colleges were closed. Therefore, newer methods had to be devised to reach and teach the students. People began working from their homes. Millions of employees, especially those in the unorganized sectors, lost their jobs. Thousands of migrant workers, unable to sustain themselves in the cities, traveled back to their hometowns and villages, leading to chaos.

Slowly, we understood how the infection spread and how it could be contained and people found novel ways of running businesses. New norms of wearing masks, washing hands, and maintaining social distance in public places were introduced. At Youth Veerangnayan, we did what we do best and devoted ourselves to serving the downtrodden and needy. We employed seamstresses we had trained earlier to make masks and distributed them to those in need. Our volunteers provided cooked meals to the migrant workers, dry rations, and household essentials to those who did not have the means to buy them. We also organized our awareness programs as usual, albeit in open spaces and parks, maintaining social distances and following other COVID norms in semi-urban and rural areas. But we changed the focus of our awareness campaigns to include programs on COVID-19, its prevention, and related themes.

Our skill development activities, including stitching centers, computer centers, and make-up centers, took a backseat this year as we functioned in unusual circumstances. But I am confident that we will bounce back to normal soon with more vigor.

President,  
Youth Veerangnayan

# MISSION

.....

The mission of the Youth Veerangnayan is to take a life course approach to equip women and children with knowledge and skills to enable them to be financially independent and contribute to decision-making in the family and society.

# THEME

.....

Youth Veerangnayan strongly believes and prophesizes their theme "Empowering YOU", adding soul in its mission's direction to sustain development and strengthen the society.

# VISION

To provide a platform to women and children where they find the avenues to learn, grow and sustain themselves to face the world with confidence and dignity.

# ABOUT US

The primary aim of the Youth Veerangnayen is to equip women with knowledge and skills to be financially independent and have a voice in decision-making in their family and society in general. This was meant to be achieved by providing knowledge, education, vocational training, skill development, counseling, and indispensable appliances to the deprived, to enable them to live a dignified life. The Youth Veerangnayen is a group of Young (18-40 yrs.) women who crusade against social evils by organizing rallies, seminars, de-addiction camps, etc. We run skill development centers in semi-urban areas providing vocational training for the underprivileged. We also aim at creating awareness amongst people and women in particular, about leading a healthy lifestyle through our communication and demonstrations at the grassroots.

The Volunteers of Youth Veerangnayen mainly comprise a group of talented and experienced doctors, engineers, principals, teachers, and intellectuals, who are experts in their respective fields and are supported by enthusiastic staff who are a breath of freshness in the whole program. We provide vocational skills to deprived women to enable them to stand on their own feet, by training them at our stitching centers, computer centers, and centers for training in beauty and make-up. With the co-operation of locals, government support functions, we have designed a plan and commit to innovative solutions that drive true change. We take tiny steps but we move with strong determination and take a responsible risk to benefit the maximum number of girls and women.

.....

# OUR INITIATIVES

.....

# DISTRIBUTION DRIVES IN CORONA TIMES

---

The Youth Veerangnayen is committed to serving the society, especially at the grassroots. The year 2020-2021 has been particularly difficult, as COVID-19 pandemic has turned people's lives upside down. Globally people were battling a new organism, a virus, which spread through the air we breathed, got stuck to the surfaces we touched, and spread faster where people gathered. In absence of a preventive or curative measure, people protected themselves with masks, face shields, washed hands often, used sanitizers where they did not have access to water, and distanced themselves. Governments world over thought it was wise to impose complete lockdowns, preventing people from going out of their houses. In this process of saving lives, there was an unforeseen loss of livelihoods.

Here in India, while doctors and scientists were busy learning about the virus and how to strengthen our immunity against it, the major brunt of lockdown was borne by the salaried class and the daily wagers. Most of these people had either lost their jobs or worked intermittently, as and when they found one. This has not only impacted the financial status of families but given rise to several mental health issues as well. The daily wagers, mostly migrant workers, who had lost their jobs, moved en mass to their native villages, for want food in their bellies and a roof on their heads.

While people are busy saving themselves and their families from the coronavirus, the team of Youth Veerangnayen is on its mission of selfless service. Wearing masks on their faces and with a strong will to satiate the hunger of the needy, they distributed essential items to those who have lost their income and have no access to supplies for their family. These included migrant workers, vulnerable groups like pregnant women and small children, and those below the poverty line.

# DISTRIBUTION OF MASKS AND SANITIZERS

# DISTRIBUTION OF NUTRITIOUS DIET TO PREGNANT WOMEN

# DISTRIBUTING SANITARY PADS: BREAKING TABOOS AROUND MENSTRUATION!

Menstruation is a natural and healthy part of any girl's life, yet women in India struggle to manage their periods every month. A large fraction of the Indian population, especially those residing in the urban slums and rural areas, believe that this natural cycle is 'impure' and 'dirty' due to the myths surrounding menstruation. As a result of the country-wide lockdowns and the loss of millions of jobs in the last year, women suffer even more due to financial constraints and lack of access to products to maintain menstrual hygiene.

To tackle this issue, Youth Veerangnayan began with conversations with women at the grassroots. Aimed at debunking the myths and increasing awareness about menstrual hygiene, our volunteers also distributed free sanitary pads during such campaigns in certain urban slums and rural areas across Delhi, Punjab, and Haryana.

# DISTRIBUTING STATIONERY

लिखना-पढ़ना, किताबों की दुनिया में जाना पसंद है मुझे भी बहुत पर हालात कुछ ऐसे हैं कि यह चीजें खरीदना जरूरी न लगा।

*I love reading, writing, and wandering in the world of books! But alas, they don't remain in our priorities given the (financial) situation at home.*

The above is the story of many children who come from the bottom of the wealth pyramid. They cannot even afford essential stationery items and books, despite their will and passion for reading and writing. We, the Youth Veerangnayan, give wings to their dreams and bring smiles to their faces by distributing stationery to these children. The children also have access to textbooks through the various study centers run by us.

# FREE STUDY CENTERS FOR CHILDREN

Education is the most powerful tool one can use to shape oneself and the world. Education not only gives knowledge but the skills & experience to help one in his /her life & career. Youth Veerangnayan has been working diligently towards supporting children who require resources in the form of a “study center”.

These centers run free of any charges, utilizing resources raised by the Youth Veerangnayan through various sources. In the last 10 years or so of their functioning, thousands of children were benefitted through these centers run by our organization, which supported them in strengthening their skills and moral values, apart from their routine school curriculum.

# A CRUSADE AGAINST CHILD LABOR

A child's mind is the most pliable and can be cast according to the environment provided. Childhood is a time when a child should be devoid of any worries and enjoy life to the fullest. However, many children today are deprived of the opportunity to be carefree, to eat and play and learn as they want. Instead, they are forced to assume the role of an adult prematurely in their lives and fend for themselves and their families. Child labor is a curse for society and abnormal for the mental, physical and psychological health of children who go through it. Youth Veerangnayan is striving to create awareness around these issues among business-owners who employ such children and people who are consumers of these businesses. Youth Veerangnayan discuss this issue and its impact on the fabric of the society in the long run through street plays, rallies, seminars, and many other such campaigns.

# SUPPORTING THE ECOSYSTEMS: FEEDING BIRDS

.....

Birds are losing their race of survival to the greed of the human race. As humans occupy more natural habitats in the name of urbanization, the number of natural beings has been falling drastically owing to the lack of space to survive & breed and scarcity of food. At the Youth Veerangnayan, we believe in lending our support to all living beings in need, be it birds or any other.

Every year, as the hot summer months approach, soaring temperatures in North India make it more difficult for these creatures to survive without water and shelter, like any other living being. Youth Veerangnayan aids birds by hanging pots on trees or leaving vessels of water and grains on terraces for the birds. It is a tremendous gesture of humanity and kindness. We are sure that even with their muted cries, these birds would say – Kudos to Youth Veerangnayan!

# ENVIRONMENTAL INITIATIVES

Nature has its own rules. We tamper with it and it hits back. We witness this in the form of earthquakes, tsunamis, landslides, etc. We must initiate work to save our environment now. It is also essential that we spread awareness about the impending destruction and havoc it might cause if we continue to behave irresponsibly. Not only must we conserve natural resources like water and fuel, but we must also strive to keep the air we breathe clean. We can do this by planting more trees to give us oxygen and to hold our soil from eroding. The Youth Veerangnayen are working selflessly towards this goal by promoting tree plantations and raising awareness for conserving natural resources.

# RAISING AWARENESS ABOUT SOCIAL ISSUES

.....

The Youth Veerangnayan are conscious about their duties and role in raising awareness about social issues such as female feticide, domestic violence, drug addiction, etc. We are also aware of the lack of correct information about health-related topics such as blood donation, the importance of proper nutrition during pregnancy and adolescence, and diseases like thalassemia and AIDS in the youth, in student communities in the semi-urban and rural areas. For this, we have organized street plays/ *Nukkad Natak*, seminars, rallies, and competitions at several locations in various states especially Punjab, Haryana, Rajasthan, Delhi, Madhya Pradesh, etc. Below are some glimpses of Youth Veerangnayan at work!

# AIDS AWARENESS

AIDS is a serious disease, but not the end of life. However, there is a stigma attached to the condition to this day. As several international organization work towards destigmatizing HIV/AIDS and preventing its spread, Youth Veerangnayen is doing its bit towards the initiative too. Every year as the world celebrates AIDS Day on December 1st, we too organize seminars and events centered on prevention of the spread of this almost-fatal disease. Although there has been a decline in AIDS cases in the last few years, millions today struggle with this disease which makes prevention-centered initiatives very important.

We also work with the message, **'Being HIV positive or AIDS is not a disease in itself; rather it reduces the body's ability to fight against diseases and causes various types of illnesses'** and educate our younger generations about the same.

# COMPETITIONS

In this regard, the Youth Veerangnayan organizes various competitions, street plays, seminars, group discussions and rallies on appropriate subjects, especially on days delegated by UN for the issues. The competitions we organize for children foster creativity, invite crucial conversations while creating awareness. They also empower women by educating them about their rights and duties through seminars and discussions on subjects like domestic violence, organ donation.

# EMPOWERING WOMEN

In sync with our mission to equip girls and women with skills and knowledge to become financially independent, we run training centers in stitching, beauty and make up. We also conduct seminars on women's issues like female feticide, domestic violence, menstrual hygiene, etc. where these issues are addressed by concerned subject experts. The overall objective of these various events is to enhance the financial and social status of poor women by enabling them and making them self-dependent.

प्रनांक: .....

मुझे यह बतते हुए अत्यन्त दुःख हो रहा है कि  
 पूरा वीरगनाथे संस्था जब से कोरोना महामारी  
 का प्रकोप शुरू हुआ है. लगातार गरीबों में  
 राशन तथा घर में बने कपड़े के फैस भास्क  
 का वितरण कर रही है। मुस्ताबाद की रेलमों  
 पूरा वीरगनाथे अपने घरों में कपड़े से फैस भास्क  
 बना रही है। और जरूरतमंद लोगों में वितरित कर  
 रही है।  
 इस लॉकड-19 महामारी के समय इस संस्था का  
 सहयोग बसानीय है, मैं इस संस्था के उज्ज्वल  
 भविष्य की कामना करती हूँ।

**TO WHOM IT MAY CONCERN**

This is to certify that Youth Veerangnayan NGO, A non profit Organization, organized a blood donation camp on the occasion of "World Blood Donor Day" on June 14, 2020 at Manglam Blood Bank, Hisar. We appreciate the excellent arrangements made by the NGO during this camp.

During this time (Corona Pandemic), Youth Veerangnayan is doing an excellent job to serve the humanity. I salute their courage and their concern that they are showing now.

This NGO always gives a motivation to all processed in multiple sections by doing efforts to save the society from evils.

I assure you to help in your noble deeds in future.

प्रशंसा-पत्र

प्रमाणित किया जाता है कि युवा वीरगनाथ संस्था द्वारा  
 विशाल प्रमाण दिनांक 30 जून, 2020 को बार्ड नं. 7, की अंतर्गत  
 स्थिति में कोविड-19, महामारी से निपटने हेतु आतिथ्य के  
 तहत मुक्त भास्क उतार चालू रखने और  
 लोगों को इस महामारी से निपटने हेतु  
 बारीकी से बतलाया गया।

युवा वीरगनाथ संस्था द्वारा किया गया  
 इस कार्य की प्रशंसा करता हूँ तथा आभार करता हूँ  
 कि युवा वीरगनाथ इसी तरह ही समाज में  
 कार्य करती रहे।

For Youth Veerangnayan  
President

Your Co-operations is needed for developing a healthy society.

# GET INVOLVED

---

We always consider it our moral duty towards mankind to help those, who are less privileged than us. One can do this by contributing time and effort for their upliftment or by donating in kind. The Youth Veerangnayen work towards the treatment of drug addicts and other social issues prevalent in our society. Our team of young and energetic Youth Veerangnayen take efforts to provide education to girls, nutritious food to expecting mothers from vulnerable communities, and generating livelihood opportunities for underprivileged families. It will be our pleasure to showcase examples and evidence, which has made a significant positive impact in this direction of our mission. If you want to make a donation in kind, please get in touch with us at the address below or email us at [youthveerangnayen2010@gmail.com](mailto:youthveerangnayen2010@gmail.com).

Your support is always welcome.

You can also know more about our ongoing activities by following us through our official website, on Facebook, and through our Blogs.
