President's Message

Greetings!

Another year has passed, and another year of aiding women and communities has come to a close. I am so proud to present to you another annual report describing our journey in the past year.

This year, we finally and fortunately saw COVID-19 infections falling to a number where daily activities could be resumed without a mask. At Youth Veerangnayan, we resumed our awareness and empowerment programmes, as a result of which we were able to aid thousands across the nation.

We are, as always, very grateful to our donors who allow us to accomplish our mission of transforming communities. Our passionate and enthusiastic young volunteers also deserve applause for their continued commitment towards our vision of creating a better world.

Every day, I am inspired by the women that I work with and I am sure we will take our organization to newer heights in the coming years.

Gurcharan Kaur
President
Youth Veerangnayan

About us

The primary aim of the Youth Veerangnayan is to take a life course approach to equip women and children with knowledge and skills to enable them to be financially independent and contribute to decision-making in the family and society. This was meant to be achieved by providing knowledge, education, vocational training, skill development, counselling, and indispensable appliances to the deprived, to enable them to live a dignified life. We run skill development centers in semi-urban areas providing free vocational training to the underprivileged. We also aim at creating awareness amongst people and women in particular, about leading a healthy lifestyle through our communication and demonstrations at the grassroots.

Youth Veerangnayan is a group of young (18-40 yrs.) women who crusade against social evils by organizing rallies, seminars, de-addiction camps, etc while aiding women and children. The Volunteers of Youth Veerangnayan mainly comprise a group of talented and experienced doctors, engineers, principals, teachers, and intellectuals, who are experts in their respective fields and are supported by enthusiastic staff who are a breath of freshness in the whole program. With the co-operation of locals and government support functions, we have designed a plan and commit to innovative solutions that drive true change. We take tiny steps but we move with strong determination and take a responsible risk to benefit the maximum number of girls and women.

OUR MISSION

Our mission at Youth Veerangnayen is to take a life course approach to equip women and children with knowledge and skills to enable them to be financially independent and contribute to decision-making in the family and society.

OUR VISION

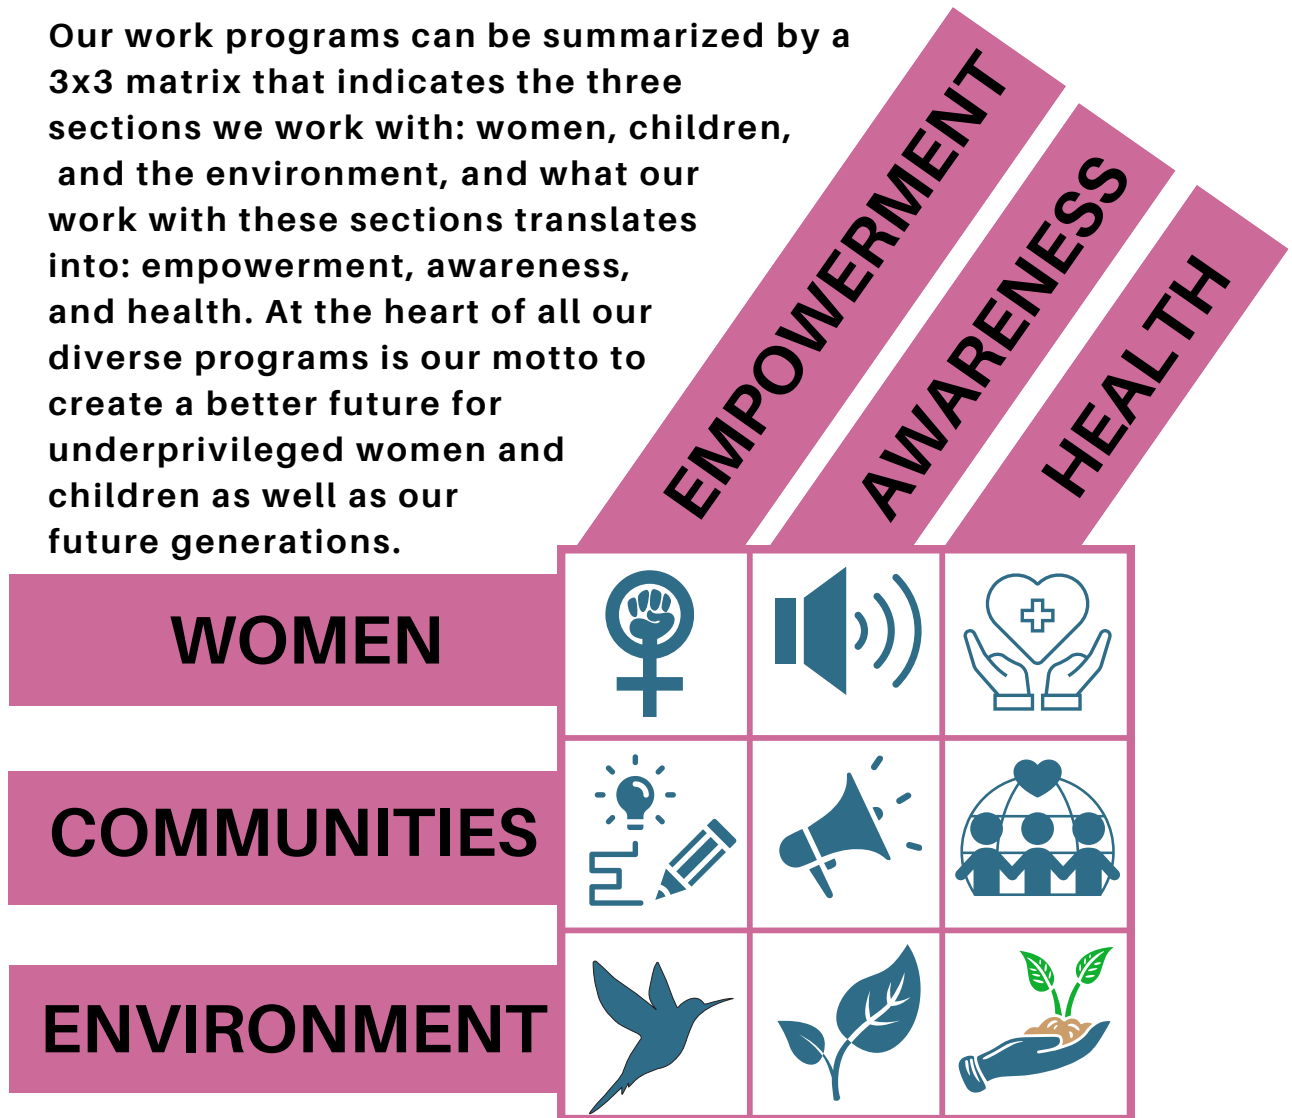

To provide a platform to women and children where they find the avenues to learn, grow and sustain themselves to face the world with confidence and dignity.

THEME OF OUR WORK

Youth Veerangnayen strongly believes in and prophesizes the theme "Empowering YOU", adding soul to our mission's direction to sustain development and strengthen society.

AREAS OF WORK

Our work programs can be summarized by a 3x3 matrix that indicates the three sections we work with: women, children, and the environment, and what our work with these sections translates into: empowerment, awareness, and health. At the heart of all our diverse programs is our motto to create a better future for underprivileged women and children as well as our future generations.

SUSTAINABLE DEVELOPMENT GOALS

Our initiatives align with 5 of the 17 UN SDGs, out of which we put special emphasis on Goal 5 followed by Goals 1, 3, and 4.

WOMEN EMPOWERMENT

In the last few decades, India has made giant strides in matters of gender equality. However, despite this advancement, a significant number of women are, even today, not involved in financial decisions and are victims of abuse. This happens because they are unable to complete their education due to family circumstances.

If such a woman is trained and she becomes capable of earning her livelihood, she can not only stand independently but also contribute to financial decision-making in the household. Therefore, we provide free training to young women for vocational skills that can be easily monetized and enable the women in need to start their ventures.

WOMEN EMPOWERMENT

In the past year, we opened several centres that trained women in stitching and tailoring, beauty and make-up, fabric painting, and the art of Mehandi.

AWARENESS IN WOMEN

**In 2022-23,
we created awareness about..**

Yoga & Lifestyle Guidance

Menstrual Hygiene Awareness

**Managing Pregnancy &
Childbirth**

Only when women know will they act on it. With extensive reaching out to women at the grassroots, we educated dozens of women on the importance of menstrual hygiene, and also distributed sanitary pads to women in need. Furthermore, we talked about the importance of regular check-ups during pregnancy and after childbirth, adopting women and aiding them throughout pregnancy.

Using our social media pages, we also disseminated vital information about healthy lifestyle choices and the many things women, especially mothers, should keep in mind.

WOMEN'S HEALTH

Discussion creates awareness, but it is action that brings true change. Since Youth Veerangnayan's primary focus is to enable women to feel empowered, we ran several initiatives

in the last year focusing on Women's health.

To promote Menstrual Health, we distributed sanitary pads to women in need in rural areas. To enable women to protect themselves, we organized self-defence training. To promote healthy living, we organized Yoga camps.

Our major focus, however, was pregnant women and new mothers belonging to financially weaker sections. We adopted these women and ensured they received nutritious food throughout their pregnancy, went for regular check-ups and had access to all medicines they needed.

ADOPTING PREGNANT WOMEN IN NEED

EMPOWERING COMMUNITIES

OUR FUTURE, OUR CHILDREN

Our children make our communities. Investing in their empowerment allows them to support their families in the future. In the last year, we ran several free study centres for children forced out of schools due to financial issues. At these centres, we provided all necessary school supplies to all students enrolled so that they also have an opportunity to stand with others their age.

Furthermore, we provided uniforms, school bags and shoes to children who are enrolled in schools but cannot afford supplies.

CELEBRATING WITH COMMUNITIES

GIFTING DAUGHTERS

FUN WITH CHILDREN

TIME WITH ELDERLY

AWARENESS IN COMMUNITIES

As the times we live in change, there are some issues that remain. These issues continue to grip our societies bring harm to our communities and need to be actively tackled. This year, just as many before, we mobilized our volunteers to organize plays, rallies and seminars centering on tobacco use, child labour, and other climate issues. These plays and seminars attracted audiences of all ages and sparked interesting discussions.

HEALTHY COMMUNITIES

When the year began, the world was still fighting the COVID-19 pandemic. To ensure the safety of people in public spaces, our volunteers distributed masks.

Food and shelter are a necessity for every life, yet are thousands if not lakhs of Indians who do not earn enough for two square meals a day. To reduce the suffering of such families, our volunteers provided with food and essential rations. During the colder months, our volunteers also distributed blankets and winterwear to those who could not afford it.

DISTRIBUTING ESSENTIALS & MASKS

EMPOWERING THE ENVIRONMENT

NURTURING BIRDS

At Youth Veerangnayan, we believe the world becomes a better place if all living beings co-exist peacefully. Therefore, our volunteers installed birdfeeders at local parks and in their neighborhoods so that birds can heave a sigh of relief in the sweltering months of summer.

ENVIRONMENTAL HEALTH

Planting HOPE FOR THE FUTURE!

With the global temperatures soaring due to increasing greenhouse emissions, tree plantation has become as crucial as any other service to the humankind. Therefore, the Youth Veerangnayen have pledged to plant as many saplings as possible whenever, wherever.

To fulfill this promise to the future generations, we have regularly organized tree plantation drives and will continue to do our bit for the environment.

OUR IMPACT THIS YEAR

40+

study and skill development centres run in batches to provide free education where

300+

children were given free stationery, books and bags and

Hundreds

of women were trained for months in stitching, fabric painting, Mehendi and make-up to help them develop skills.

42

rallies, seminars and plays centered around dr gender equality, drug abuse & environmental conservation organized.

530+

saplings planted in dozens of tree plantation drives and

148

water pots and feeders installed in public places for birds and animals.

253

unprivileged pregnant women and new mothers were adopted and provided with nutritious rations.

747

individuals given rations and refreshments during our distribution drives.
